

A few days since one of the vessels lying at anchor off Mayport was observed to move back and forth in a very restless manner. It was soon discovered that the disturbance came from something foul of the anchor chain. A harpoon was thrust down and struck a live something, which, being hauled on board, proved to be a huge leather-back turtle. It was brought to town and disposed of to J. I. Mackey, a curiosity man, who had it hauled to his place of business yesterday. A large crowd assembled in front of his shop, on Bay street, as the monster was being moved in. The following are its dimensions: Seven feet in length; three feet across the back. It weighed 870 pounds. It is a rare species and seldom found along our coast. Its color is very dark, almost black. There are five longitudinal ridges along its back, one in the center and two along each side, and these are slightly serrated. Its mouth, though shaped like that of a green turtle, has a peculiar formation, similar in appearance to the tusks of a walrus. (Jacksonville (Fla.) Times.)

Mrs. Frances Wilkerson of Rochester has become possessed of a queer hallucination, which has induced her to sue for a separation from her husband. The ground she bases her complaint upon is the conviction that her husband will one day murder her. She gives as a reason for this belief that on two successive nights she dreamed that she would die by his hand. She admitted, however, that Mr. Wilkerson had always been kind to her, while the latter testified that he had never thought of harming her. (Oswego Times.)

GENTLEMEN—I have been troubled with rheumatism for two years. I tried all the best advertised oils and liniments, and many first-class physicians without relief. The last doctor I visited recommended Dr. Rush's "Blood Root Oil." I purchased a large bottle for fifty cents, and applied it. In two hours I was relieved and now I am entirely well. On examining the urinary deposits aropy sediment will often be found, and sometimes small pieces of albumen will appear, or the color will be of a thin milky hue, again changing to a dark and turbid appearance. There are many men who die of this difficulty, ignorant of the cause, which is the economic disease of seminal weakness.
